Students entering school must get the required doses listed in this chart to be in compliance with the immunization requirements. School-aged children (Preschool-12) in before and after-school programs must meet the immunization requirements for their grade in school. The requirements follow the national Advisory Committee on Immunization Practices (ACIP) Immunization Schedule with requirements specified by grade level.

To find the doses required, look at the row that includes the student’s grade and the column for the required vaccine. For example, a student entering Kindergarten needs 2 doses of MMR vaccine. The requirements and rules vary depending on the student’s grade.

Children in Preschool <4 years of age on 09/01 who turn 4 during the school year do not need to meet the requirements for Preschool/Kindergarten age ≥4 years until the following school year.
